A Maryland EXCELS **Work Group** provides programs and providers participating in Maryland EXCELS the opportunity to work directly with Quality Assurance Specialists on the development, revision, and submission of documentation for meeting Maryland EXCELS standards.

Maryland EXCELS **Training** has been approved by the Maryland State Department of Education's Office of Child Care to award Core of Knowledge hours to participants who have met the requirements of the class. Participants will receive a certificate which can be used to meet the requirements of ongoing professional development and Maryland State Department of Education Child Care Credential training requirements.

Registration required for all workgroups and training sessions. Attend a group in the county of your choice by contacting the Quality Assurance Specialist of that county directly. These sessions are not required. Informal providers may disregard.
